

# S1000D Foundation Suite

The S1000D Foundation Suite e-learning course provides an overview of S1000D Foundation Suite.

## TARGET AUDIENCE

This e-learning course is designed for S1000D practitioners.

## PREREQUISITES

A familiarity with S1000D concepts such as information codes, SNS, Data Modules metadata and applicability.

## LEARNING OBJECTIVES

This course is designed to teach the user how to manage the S1000D project start-up process and build Data Module skeletons ready for use in the Contenta S1000D Publishing Suite.

## COURSE DETAIL

The course will cover the following topics:

- An Overview
- Accessing the Foundation Suite
- Working with the Foundation Suite
- Starting a new S1000D project with the Foundation Suite
- Working with the CAGE Code Manager
- Working with the Information Code Manager
- Working with the Publications Manager
- Working with the SNS Manager
- Building Applicability Cross Reference Tables
- A worked example with the Foundation Suite
- Creating Data Modules and a summary
- Extending and configuring the Foundation Suite

## BENEFITS

This e-learning course enables users to get up to speed and start using the application quickly and efficiently. Successful use of the Foundation Suite will give high-levels of control over the Data Module planning and creation process.

## COURSE DURATION

The course is 45 minutes in duration (plus two hours for exercises) and can be viewed and then used as a post course reference tool.

## DELIVERY

This e-learning course is hosted in our RWS University learning portal. Each user will be given individual access to the course and will be able to take it at their own pace.
