AGM Statement

RWS Holdings plc (“RWS”, “the Group”), one of the world’s leading language, intellectual property support services and localisation providers, is today holding its Annual General Meeting at which Andrew Brode, Chairman, will make the following remarks:

“The financial year ended 30 September 2017 saw the fourteenth successive year of growth in Group sales, underlying profits and dividends since flotation in 2003.

“The current financial year has started well as we continue to build on this record performance, with our Patent Translation & Filing, newly formed Life Sciences, and Information divisions all contributing in line with our expectations.

“In addition, RWS acquired Moravia on 3 November 2017 for a cash consideration of US\$320 million. Moravia is one of the leading providers of technology enabled localisation services to some of the largest technology companies in the world. Its acquisition enhances RWS’ global presence, adding operations in the Czech Republic, USA, Japan, China, Argentina, Hungary and Ireland; provides further geographic and currency diversification; and adds an additional profitable, cash generative division of scale to the Group.

Current Trading and Outlook

“The Group has performed in line with the Board’s expectations in the first quarter of the current financial year. Our focus now is upon the integration of Moravia together with the successful exploitation of the opportunities provided by our recent acquisitions.

“Notwithstanding US exchange rate headwinds, the Board is confident of further substantial progress in 2018 as RWS consolidates its global leading positions in its chosen sectors.”
